

MSC Cod Fishcakes

UNIT: 24 x 113g **SSP:** £9.91

Description

Packed with plenty of fish and flavour, the fishcakes come in a pack size of 24 x 114g. Their tasty crunchy crumb and fish content differentiate them from other varieties on the market, which tend to be covered in breadcrumbs. A quality blend of minced cod and potato, the fishcake – which features the distinctive crunchy crumb – is supplied par-fried. A dual-cook product, it's suitable for both oven cooking and deep frying, making it a convenient product for any caterer.

Certified by the Marine Stewardship Council (MSC), the product is sustainably sourced – just like the rest of our fish range. 'Sustainable fishing means leaving enough fish in the ocean, respecting habitats and ensuring people who depend on fishing can maintain their livelihoods', states the MSC site, with the company on a mission to end over-fishing and 'ensure future generations can enjoy the seafood they love'.
